SUMMARY

Hello! I'm **Vivek Kumar**, a passionate and experienced full-stack developer with over **4** years of hands-on experience in the development industry. I specialize in building responsive, user-friendly interfaces and robust server-side applications, with front-end and back-end development expertise. I have extensive experience working with APIs, ensuring seamless system integration to deliver efficient and scalable solutions.

I am eager to expand my skills into **Blockchain, Web3, and AI technologies**, as I see them as the future of innovation and aim to contribute to these transformative fields.
